INDUTEC Acquisition Extends Product Range

Dear Sir or Madam,

The NEUMAN & ESSER GROUP (NEA) has acquired the company INDUTEC from the company INDUTEC Industrietechnik GmbH's assets in insolvency. Since the transfer of holdings on March 1, 2013, the NEUMAN & ESSER GROUP is the legal owner of the business operations of INDUTEC and entitled to continue these.

This incorporates in particular the exclusive ownership as well as all resulting legal rights:

- Rights to continue the company INDUTEC as well as the registered trademark INDUTEC (word and trademark)
- INDUTEC's customer and supplier relationships
- Original drawings and patents for INDUTEC products (mills, primary crushers, and filters)
- Technical know-how for INDUTEC products
- Constructions and order-related documents (manufacturing documents, machine history, and operating instructions) for INDUTEC products
- All assets and rights of INDUTEC (in particular machine and business equipment as well as inventories)

With the acquisition of INDUTEC's business operations, the NEUMAN & ESSER GROUP is the legal and exclusive manufacturer of original spare parts (OEM) for the existing population of INDUTEC products.

Mr. Walter STREERATH (Walter.Streerath@neuman-esser.de, +49 (0) 2451 481 210) will remain as an entrusted contact person for INDUTEC product customers for new machines, OEM spare parts and service. In the future, Mr. Wolfgang PALM (Wolfgang.Palm@neuman-esser.de, +49 (0) 2451 481 210) will provide support for all inquiries regarding INDUTEC products.

Customers will still receive top quality when supplied with original INDUTEC spare parts (OEM) as well as for all product-related services: in the meantime to the customers' advantage due to the larger team and more than 80 years' experience of NEUMAN & ESSER GmbH Mahl- und Sichtsysteme.

We look forward to welcoming the INDUTEC products customers to our company and having the privilege of being able to support them in-full as a reliable partner in the future. Convince yourself of our performance today!

Alexander Peters
Managing Partner of NEA GROUP
